Solid Waste Ordinance #408

1. **Normal household trash only.** No contractors debris including wood, carpeting, roofing shingles, demolition or remodeling.
2. Residents who do their own construction may place out for collection up to (5) 30-gallon containers not weighing more than 50 lbs. each, per week. Carpets must be cut up into 4' to 6' lengths, rolled and tied. MUST call for BULK pick-up.
3. All household trash must be placed at the curb.
4. All trash must be put into the green tote. Loose trash must be bagged.
5. Front of tote (steel bar) must face the street
6. Trash is to be placed at the curb no sooner than 3 PM the previous day and empty cans must be removed within 12 hours on your collection day. Trash placed at the curb other than trash day is subject to fines.
7. Notify the Highway Office if you will have **bulk items** or unusual amounts out for trash.
8. Keep recyclables separate from trash. **NO SCAVENGING**
9. **No hazardous waste will be collected.** The County has Hazardous Waste Collection Days at the G.C. Solid Waste Complex Monroeville Rd in S. Harrison Twp. on **April 13** and **Sept 14** and at the GC Roads Dept in Clayton **May 11** and **October 12**. Go to www.gcianj.com for more information.

LATEX PAINT DISPOSAL:

Do not place liquid paint into the trash. Instead using no more than a ½ can of paint, add a clay based kitty litter or speedy dry to the paint, stir until it thickens (adding more material if necessary). When it can no longer be poured, discard can and all into a plastic trash bag and place into trash tote.

NOTE: Oil based paint is flammable and must be disposed of at one of the Household Waste days sponsored by the County.

GCIA - TIRE AMNESTY PROGRAM

SNOW REMOVAL

To assist the Highway Department with snow removal from all municipal dedicated streets, roadways, and cul-de-sacs, all parked cars and obstructions shall be removed from the street for up to 12 hours during and after a storm.

- When shoveling OUT of your driveway, snow should be placed to the right side (if looking at the street from house), of your driveway. This may help alleviate snow being plowed back into the driveway.
- If using a snow blower, please, **DO NOT** blow snow back out into the street as hazardous conditions can arise.
- During a snow storm all primary streets will be plowed first, followed by the secondary streets. Cul-de-sacs will be done last due the clearing time involved and use of other equipment.
- The plows try to get as close to the curb as possible.
- Please clear the area around your mailbox as the Mail carriers will not deliver the mail if they cannot reach your mailbox. (If you are in an area that is difficult to clear around the mailbox, such as cul-de-sacs, you could install a temporary box on a post as close to the cleared area as possible.)

- The Borough is not responsible for damage to Basketball backboards or other obstructions in the street.
- Residents and businesses that are located on a corner are responsible for clearing accessibility ramp curb cut areas
